MEMORANDUM FOR: Chief, Administrative Staff, NPIC

SUBJECT: Contract Services of [REDACTED]

1. It is desired to obtain the contract services of [REDACTED] for the purpose of representing NPIC on technical development problems with various commercial contractors in the general Los Angeles - San Francisco areas.

2. The attached papers define [REDACTED] rates for such services. These have been determined by [REDACTED] to be allowable under the terms of a "non-personal services" contract.

3. There appears to be no conflict between the commercial concerns now employing [REDACTED] in a part-time consulting arrangement and those he would visit as a NPIC representative.

4. [REDACTED] held TOP SECRET and code-word clearances with the Agency during at least part of the period of his employment with the [REDACTED] from 1951 - 1959.

5. It is requested that [REDACTED] be provided with the necessary paperwork for reinstatement of his security clearances at the earliest time. This should be followed by a visit to Washington for a period of two weeks for orientation purposes before he assumes his duties on the West Coast. If final security interviews are necessary in Washington, the visit could serve both purposes.

6. NPIC/TP&DS would like [REDACTED] retained for services of two days a week on a regular basis and on-call as necessary. He should be allowed orientation visits to NPIC at regular intervals at least quarterly.

[REDACTED]
Chief, TP & DS
